DIRECTOR'S LETTER

Dear colleagues:

We present a new program of the V Annual Meeting of Hip Surgery in Young Adult. As the previous year edition will be held in the Infanta Leonor Hospital located in Villa de Vallecas (Madrid). We have tried to response the suggestions of previous attendees and have organized an afternoon session on Thursday March 25th and an all-day session on Friday March 26th.

Two live-surgeries will be broadcasted, a Hip Arthroscopy in Femoroacetabular Impingement led by Dr. Marc Philippon and a Hip resurfacing arthroplasty in dysplastic hip led by Dr Koen De Smet. We have organized three round tables with presentations about conservative surgery and astthroplasty in young adult. On the Friday session, the participants will divide into smaller groups for workshops base on techniques presented in the meeting. There will be round tables to discuss clinical cases with active participation of the audience through interactive voting system.

We hope that the topics and speakers are chosen for your liking.

A greeting,

Dr Oliver Marín-Peña
Hospital Infanta Leonor · Madrid

..... THURSDAY 25th MARCH

15:30-15:45 REGISTRATION

15:45-16:00 WELCOME • PRESENTATION

Dr R. Larrainzar • Dr O. Marín-Peña

DISCUSSION

16:00-17:00 I. CONSERVATIVE HIP SURGERY (I)

Moderators: Dr M. Tey • Dr S. Massanet

- 1** New imaging techniques for detection cartilage and labral damage.
[Faculty pannel: Dr A. Kassarjian]
- 2** Why safe surgical hip dislocation in FAI?
[Faculty pannel: Dr K. Siebenrock]
- 3** Why Minianterior approach in FAI?
[Faculty pannel: Dr M. Ribas]
- 4** Why hip arthroscopy in FAI?
[Faculty pannel: Dr D. Griffin]
- 5** Who should treat FAI?. Hip surgeon vs Arthroscopist.
[Faculty pannel: Dr M. Leunig]

17:00-19:00 LIVE SURGERY

“ Hip arthroscopy in Femoroacetabular Impingement”

Dr M. Philippon

Moderators: Dr P. Beaulé • Dr M. Leunig

..... FRIDAY 26th MARCH

09:00-10:00 II. CONSERVATIVE HIP SURGERY [II]

Moderators: Dr E. Gil- Garay • Dr E. Caceres

- 1** Minianterior approach in Periacetabular Osteotomy PAO, my first option.
[Faculty pannel: Dr K. Soballe]
- 2** Modified Smith-Petersen approach in PAO, my first option.
[Faculty pannel: Dr K. Siebenrock]
- 3** Labral debriment, the best option.
[Faculty pannel: Dr P. Beaulc]
- 4** Labral reattachment, my favorite option.
[Faculty pannel: Dr M. Philippon]

DISCUSSION

10:00-10:10 WHAT'S PATIENT COULD TELL ABOUT HIP SURGERY IN YOUNG ADULT?

10:10-11:00 INTERACTIVE CASE PRESENTATION

Moderators: Dr L. Perez-Carro • Dr B. De La Torre

11:00-11:20 COFFEE BREAK

11:20-11:30 OFFICIAL WELCOME

11:30-13:30 LIVE SURGERY

“Hip resurfacing arthroplasty in difficult hip”

Dr K. De Smet

Moderators: Dr A. Valles • Dr P. Beaulc

..... FRIDAY 26th MARCH

13:30-14:30 SURGICAL WORKSHOPS

- 1** “Corail-Pinnacle, new bearing surface options for young patients”. **De Puy.**
- 2** “New alternatives in primary total hip arthroplasty”. **MBA.**
- 3** “Correct implant position: the key in hip resurfacing”.
Palex (Wright Medical).
- 4** [A] “Mini-anterior approach in femoroacetabular impingement treatment”.
[B] “Modular necks in primary total hip arthroplasty”. **Serhosa-Zimmer.**
- 5** “Hip arthroscopy”. **Smith & Nephew.**

14:30-15:30 LUNCH

15:30-17:15 III. HIP ARTHROPLASTY IN YOUNG ADULT

Moderators: Dr A. Blanco • Dr E. Garcia-Cimbrelo

- 1** New bearing surfaces: Ceramic on Metal.
[Faculty pannel: Dr F. Falez]
- 2** New bearing surfaces: Polyurethane on Metal.
[Faculty pannel: Dr A. Moroni]
- 3** Clinical complications with high metal ions levels.
[Faculty pannel: Dr R. Spencer]
- 4** Mechanical complication in hip resurfacing, how to avoid it.
[Faculty pannel: Dr K. De Smet]
- 5** Management septic complications in young adult hip arthroplasty.
[Faculty pannel: Dr T. Gehrke]
- 6** Physical activities that I don´t recommend with hip arthroplasty.
[Faculty pannel: Dr P. Beaulé]

17:15-17:30 CLOSING REMARKS

Dr R. Larrainzar • Dr O. Marín-Peña
